The Wilson Mirror says: Last week mortgage on the A. & R. road to aid in its extension to Raleigh was recorded here. Lenoir Topic: Last week Ella Badger, a 15 year old daughter of Susan Badger, who lives at Dr. Beall's, was attacked with a strange disease which puzzles the doctors. She had been lifting and probably over exerted herself. Subsequently she suffered a nervous attack which rapidly grew worse. Some of the symptoms of St. Vitus' dance were observable but they were complicated with others. She had an inclination to bite herself, to tear her clothes off and run off to herself. Finally her sufferings ended in death, Thursday night.

The Siamese Persian and Corean missions are vacant, and aspiring young men of a literary turn of mind, can find no richer fields than these in which to dig for hidden treasures. The politicians do not want these missions, and they can be had for the asking by gentlemen of ability and good standing.

We believe there are some gentlemen in North Carolina who want ed to "go abroad," who might make themselves useful to both countries by taking one or the other of the above places.

Page McCarthy, the well-known Virginian, writing about the campagn in Virginia, says of Fitz Hugh Lee's cavalry parties, which have made his campaign a peculiar one: "With regard to the calvalry para-els," it is understood by every body who wishes to understand that the ex-Confederate soldiers turn out on show their loyalty to the Union, and their appreciation of the assurances of conciliation that come from the North, and especially from the Union veterans. Every utterance of the Democratic candidate has been in harmony with this idea. He was nominated as the exponent of these entiments, the most prominent ex-Confederate in the State, and the hest known in the North, who will be able, as the Governor, to practi-cally demonstrate the feelings of the people under the new order of things, appreciating the free citizen-ship in the Union, and accepting the results of the civil war."

A Philadelphia house, agents for Gen. Grant's "Memoirs" in the Mid dle States, have just sent to the publishers an order for 53,000 copies of Volume I, at a cost of \$212,000. The books are to be delivered before the holidays. This is probably the largest single order ever given in this country for books.

John Sherman is atraid he will be counted out. John, having engaged Louisiana, knows how it is himself .- Atlanta Constitution, Dem.

So far, certainly the very grave accusation against Andrew Johnson, brought after Gen. Grant's death, on his alleged authority, las not been proved. Mr. Depew and Col. Grant owe it to themselves, if, as they assert, they have documents to confirm it, to produce these at once.—New York

No matter who carries New York it will not affect President Cleve-land's standing with the people.

THE FOUNDING OF THE TOWN F WHITTIER

SOMETHING UNIQUE AND WEW

CLARKE WHITTIER, of California, is dividing 60.000 acres of land, in Swain co., N. C., in the "Sky land region," into small try ets for actual settlers only.

They will be sold for casn. or on . credit of from one to ten years. If desirable the principal may lay for five years at 6 per cent. interest, payable sanually, and one-fifth of the principal to be paid each year thereafter.

The soll is rich, its tobacco brings the highest prices in the market, averaging 1 net profit of from \$75 to \$150 per acre, 250 acres of land are being cleared to rent on shares for tobacco grow-ing.

rom \$10 to \$100 per acre, \$200 acres of IRAG are being cleared to rent on shares for tobacco growing.

The lands are divided into farms of from 20 to 1000 acres to suit purchasers.

The labor required in opening, up these lands has made the Town of WHITTER a necessity, which is now a station on the Western North Carolina Railroad, 6 miles east of Charleston. The founder of Whittier will spare no pains or expense to make it the most attractive and desirable resident and business town in Western N. C. Mills, stores, residences and a fine hotel are now being erected, and other manufactories will follow. Lots are donated to churches, schools, public buildings and works.

The improvements of the lands and the town requires all kinds of mechanics and laborers and all purchasers of lands or lots can get immediate and constant employment at common labor.

Purchasers will be furcished lumber for improvements at \$10 to \$12 per 1000 feet, and work to pay for it.

Comfortable quarters at a rations will be provided for purchasers and their families, at the mere cost of rations, until they can erect their own houses. Come right along.

Thus you can buy land; lots, and build houses, on long credits and work to pay for them.

Such inducantements have never been offered before, as are now offered at Whitter.

Come at once and erect your houses. Pienty work at fair prices. Tobacco lands to clear and get ready for spring crops. Fences, roads and houses to build, nurseries and fruit trees to plant, &c. Plenty of work ready now.
